

Atlanta Cares

Support Group

[Atlanta Cares is an “all-welcoming” peer group with the goal of providing support for those with newly or recently diagnosed HIV in the Atlanta metro area. We are open to anyone living with HIV, but particularly those who feel that they cannot inform their family and friends due to fear of rejection and stigma. Through positive discussion, inspirational stories and activities in a safe and confidential environment, we aim to help support members through their personal journeys of transitioning from a life with new or recent diagnosis HIV to one where they can both find acceptance and thrive.]

Jason’ Deli in Midtown (upstairs room)

230 10th Street NE

Atlanta, GA
